

Research Grants - One-Year Grants for Doctoral Candidates • DAAD

Overview

DAAD research grants provide foreign doctoral candidates and young academics and scientists with an opportunity to carry out research and continue their education in Germany. There are funding programmes for various qualification phases and stages in a career. The grants also promote the exchange of experience and networking amongst colleagues.

The primary aim of this programme is to promote research projects within the context of doctoral programmes.

Who can apply?

Excellently-qualified doctoral candidates and young academics and scientists who have completed a Master's degree or Diplom, or in exceptional cases a Bachelor's degree at the latest by the time they begin their grant-supported research.

What can be funded?

A research project or course of continuing scientific education at a state or state-recognised institution of higher education in Germany or a non-university research institute, which is being carried out in coordination with an academic adviser in Germany.

Duration of the funding

- 7 months to usually 12 months; the length of the grant is decided by a selection committee and depends on the project in question and the applicant's work schedule.
- The grant is non-renewable.

Value

- Depending on academic level, monthly payments of euros 850.- for graduates, euros 1,200.- for doctoral candidates
- Payments towards health, accident and personal liability insurance cover
- Travel allowance, unless these expenses are covered by the home country or another source of funding
- One-off research allowance

Under certain circumstances, grant holders may receive the following additional benefits:

- monthly rent subsidy
- monthly allowance for accompanying members of family

To enable grant holders to learn German in preparation for their stay in the country, DAAD offers the following services:

- Payment of course fees for the online language course "Deutsch-Uni Online (DUO)" (www.deutsch-uni.com [<http://www.deutsch-uni.com>]) for six months after receipt of the Scholarship Award Letter
- if necessary: Language course (2, 4 or 6 months) before the start of the research stay; the DAAD decides whether to fund the grant holder's participation and for how long depending on language skills and project. If a language course scholarship is granted and the working language at the host institute is German, participation is compulsory.

- Allowance for a personally chosen German language course during the grant period
- Reimbursement of the fees for the TestDaF test which is either taken in the home country after receipt of the Scholarship Award Letter or in Germany before the end of the funding period
- As an alternative to the TestDaF for scholarship holders who have taken a language course beforehand: the fee for a DSH examination taken during the scholarship period may be reimbursed.

Selection

An independent selection committee consisting of specialist scientists reviews applications.

The most important selection criteria:

- a convincing and well-planned research project or course of continuing education
- academic achievements

Additional documents that prove academic suitability or provide information about extracurricular activities will also be considered in the assessment.

Application requirements

What requirements must be met?

- As a rule, applicants should not have graduated any longer than six years before the application deadline. Doctoral candidates should not have started their doctoral degree any longer than three years previously.
- Applicants who have been resident in Germany for longer than 15 months at the application deadline cannot be considered.

Note:
For applicants from the fields of human medicine, veterinary medicine and dentistry, other regulations are applicable. Please refer to the leaflet "Additional information on DAAD Research Grants for applicants from medical fields" (www.daad.de/extrainfo [<http://www.daad.de/extrainfo>]).

Language skills

- The required language level depends on the applicant's study plans and subject: In the arts, social sciences and in law, at least a good knowledge of German is usually expected. For the natural sciences and engineering, proof of good English language skills may also be accepted if English is spoken at the host institute.

Application Procedure

The application procedure occurs online through the DAAD portal. Please note that the access to the application portal only appears while the current application period is running. After the application deadline has expired, the portal for this programme is not available until the next application period.

The access to the DAAD portal generally opens about 6 weeks before the application deadline at the latest.

To apply, please select the call for applications for this programme in the scholarship database (www.funding-guide.de). From here, you can enter the portal by clicking the tab "Submitting an application".

Application documents

Certificates, proof of credits, certifications and translations may be scanned in non-certified form and uploaded to the DAAD portal. The DAAD reserves the right to request certified copies of the documents.

Documents to be uploaded to the DAAD portal

- Online application form
- Full curriculum vitae in tabular form (max. 3 pages)

- List of publications (max. 10 pages), if applicable
- Extensive and detailed description of the research proposal which has been discussed with the academic adviser and a description of previous research work (max. 10 pages)
- Schedule of planned research work
- Letter confirming supervision by an academic adviser in Germany, which refers to the applicant's proposal and confirms that the host institute will provide a workplace
- University degree certificate indicating final grade(s): the certificate must be subsequently submitted before the grant-supported research begins if it is not available at the time of application.
- Other documents which support your application (example: certificates of employment, proof of placements, etc.)
- German or English translations of documents submitted in the national language
- All university certificates on all annual examinations with individual grade(s), incl. explanation of grading system.
- Proof of admission to a doctoral programme at the home university insofar as the applicant intends to take a doctoral degree there
- Language certificate in the language in which the doctorate is carried out (German or English)
- Copy of school-leaving certificate which entitles holders to study at a university in the home country (with all individual grades)

To be submitted by post

One recent reference from a university teacher which provides information about your qualifications (hand-signed, no digital or scanned signature). Please regard the instructions given on the tab "Submitting an application".

Application deadline

15.11.2019

Beginning of the scholarship in October 1st, 2020, at the earliest

Application location

German Embassy

in Belgrad

Cultural Department / DAAD

Neznanog Junaka 1a

11040 Belgrad

E-Mail: info@belgrad.diplo.de [<mailto:info@belgrad.diplo.de>]

WWW: <http://www.belgrad.diplo.de> [<http://www.belgrad.diplo.de>]

Please note

- Your application is only valid if you submit all the required documents to the DAAD portal on time.
- For submitting references by post, the postmark date serves as proof that they have been dispatched on time.
- (If further documents are to be submitted by post, please send them as soon as possible.)
- The DAAD portal closes at 24.00 hrs. Central European Time (CET) on the last application day.
- Incomplete applications cannot be considered. Applicants are responsible for ensuring that their applications are complete.
- The application documents remain with the DAAD. Data relating to applicants is saved by the DAAD in accordance with the Federal Data Protection Act and with the EU Data Protection Regulation insofar as this data is needed to process the application.
