

Postdoctoral Researchers International Mobility Experience (PRIME) • DAAD

Overview

The German Academic Exchange Service (DAAD) offers a new funding programme - co-financed by the Marie Curie Programme of the European Commission - for outstanding postdoctoral researchers from all disciplines and nationalities: „Postdoctoral Researchers International Mobility Experience“ (PRIME). The funding consists of salaries instead of scholarships. Funding is provided for 18 months, in which 12 months have to be spent abroad and 6 months (re-integration phase) at a German university. The re-integration phase is mandatory. The German university administrates the salary during the whole funding period.
