

Bilateral Exchange of Academics • DAAD

Overview

To improve international relations and bilateral research cooperations between German and foreign universities, the DAAD supports exchanges of scientists and academics from partner countries. The basis of these exchanges are cultural exchange programmes and bilateral agreements with foreign partner organisations.

Who can apply?

Foreign academics and scientists who have usually completed a doctoral degree and work at a university or research institute in their home country.

What can be funded?

- Research stays at state or state-recognised institutions of higher education or non-university research institutes in Germany.
- Lecture tours or visits to congresses are not funded.

Please note: this programme supports exchanges between scientists and researchers from Germany and its partner countries. Funding is available when German researchers also apply for a research fellowship at the same time.

Duration of the funding

- At least 14 days (for stays from applicants from EU countries as well as from Armenia, Azerbaijan, Belarus, Georgia, Kazakhstan, Moldova, Russian Federation, Ukraine: at least 7 days) up to a maximum of three months. The length of the grant is decided by a selection committee and depends on the project in question and the applicant's work schedule.
- The grant is non-renewable.

Value

- Monthly payments of:
2,000 euros for assistant teachers, assistant professors and lecturers
2,150 euros for professors
- Unless otherwise regulated by bilateral agreements, the costs of the outward and return journey are borne by the respective sending country.
- Other payments cannot be made.

Selection

An independent selection committee reviews applications.

The most important selection criteria are:

- Academic achievements and, if applicable, publications, which must be documented in the curriculum vitae and a list of publications
- A convincing and well-planned research project

Application requirements

What requirements must be met?

- This program is only valid for researchers of the following universities: University of Jordan, Yarmouk University, Jordan University of Science and Technology (JUST) and Mutah University.
- Because this is a bilateral exchange programme, a visit of the German Counterpart has be agreed upon.
- The dates and purpose of the stay must be agreed beforehand with the academic host institute in Germany.

Application Procedure

The application procedure occurs online through the DAAD portal. The access to the DAAD portal opens about 6 weeks before the application deadline.

To apply, please select the call for applications for this programme in the scholarship database (www.funding-guide.de). From here, you can enter the portal by clicking the tab "Submitting an application".
