

Study Scholarships - Postgraduate Studies in the Fields of Fine Art, Design, Visual Communication and Film • DAAD

Overview

DAAD scholarships offer graduates the opportunity to continue their education in Germany with a postgraduate or continuing course of study. The scholarships also promote the exchange of experience and networking amongst colleagues.

Who can apply?

Foreign applicants who have gained a first university degree in the fields of Fine Art, Design, Visual Communication and Film at the latest by the time they commence their scholarship-supported study programme.

What can be funded?

In this study programme, you can complete

- a Master's degree course/postgraduate degree course leading to a final qualification, or
- a complementary course without degree (not an undergraduate course)

at a state or state-recognised German university of your choice.

This programme only funds projects in the artistic and creative area. Other DAAD scholarship programmes are available for applicants from the field of History of Art or Art Studies or for artists with a scientific project.

Duration of the funding

Master's degree:

- Between 10 and 24 months depending on the length of the chosen study programme
- Start: usually from 1st October, or earlier if a language course is taken prior to the study programme
- The scholarships are awarded for the duration of the standard period of study for the chosen study programme (up to a maximum of 24 months). To receive further funding after the first year of study for 2-year courses, proof of academic achievements thus far should indicate that the study programme can be successfully completed within the standard period of study.
- Applicants who are already in Germany in the first year of a postgraduate course at the time of application may apply for funding for their second year of study. In this case, it is not possible to extend the scholarship.

Complementary studies not leading to a final qualification:

- one academic year
- Start: usually from 1st October, or earlier if a language course is taken prior to the study programme

Value

- A monthly payment of 850 euros
- Travel allowance
- One-off study allowance
- Payments towards health, accident and personal liability insurance cover

Under certain circumstances, scholarship holders may receive the following additional benefits:

- Monthly rent subsidy

- Monthly allowance for accompanying members of family

To enable scholarship holders to learn German in preparation for their stay in the country, DAAD offers the following services:

- Payment of course fees for the online language course "Deutsch-Uni Online (DUO)" (www.deutsch-uni.com [<http://www.deutsch-uni.com>]) for six months after receipt of the Scholarship Award Letter
- if necessary: Language course (2, 4 or 6 months) before the start of the study visit; the DAAD decides whether to fund participation and for how long depending on German language skills and project. Participation in a language course is compulsory if the language of instruction or working language is German at the German host institution.
- Allowance for a personally chosen German language course during the scholarship period
- Reimbursement of the fees for the TestDaF test which has either been taken in the home country after receipt of the Scholarship Award Letter or in Germany before the end of the funding period
- As an alternative to the TestDaF for scholarship holders who have taken a language course beforehand: the fee for a DSH examination taken during the scholarship period may be reimbursed.

Selection

A special DAAD committee made up of professors from German art, design and film schools makes the final decision about scholarships in the fields of Fine Art, Film, Design, Visual Communication and Film. The decision is based upon written applications and work samples which have to be submitted (see: www.daad.de/extrainfo [<https://www.daad.de/extrainfo>]).

Further information

Confirmation of a scholarship does not automatically guarantee admission to one of the universities. The individual university decides whether or not to offer scholarship holders a place. In most cases, applicants are required to take an entrance examination. Please find out in time about admission requirements and application deadlines and interview dates at your chosen university, and bear in mind that these may be several months before the planned start of your studies or even before the DAAD awards the scholarship. We cannot cover the costs of the entrance examination. If an applicant is offered a scholarship by the DAAD but fails to be admitted to any of the universities indicated in the application, he/she may not make use of the scholarship that has already been awarded.

Application requirements

What requirements must be met?

- As a rule, applicants should have taken their final examinations no longer than six years before the application deadline.
- Applicants who have been resident in Germany for longer than 15 months at the application deadline cannot be considered.
- If the scholarship holder is enrolled in a Master's or postgraduate degree programme which includes a study period abroad, funding for this period abroad is usually only possible under the following conditions:
 - The study visit is essential for achievement of the scholarship objective.
 - The study period is no longer than a quarter of the scholarship period. Longer periods cannot be funded, even partially.
 - The study period does not take place in the home country.
- Prerequisite for the funding is a full-time and attendance study. Extra-occupational or part-time study programmes and study programmes with a predominant share of e-learning can not be taken into account.

Language skills

Applicants in the fields of Fine Art, Film, Design, Visual Communication and Film should have a knowledge of the language of instruction which corresponds to the requirements of the chosen university at the latest by the time they start their scholarship. If you do not yet have the language skills required by the university at the time of your

application, your application should indicate the extent to which you are in a position to reach the required level. After you have been awarded a scholarship, take advantage of the funding opportunities described under "Value".

Application Procedure

The application procedure occurs online through the DAAD portal. You are also required to send additional documents by post to the specified application address.

Please note that the access to the application portal only appears while the current application period is running. After the application deadline has expired, the portal for this programme is not available until the next application period.

The access to the DAAD portal generally opens about 6 weeks before the application deadline at the latest.
