

## Development-Related Postgraduate Courses (EPOS) • DAAD

### Overview

---

With its development-oriented postgraduate study programmes, the DAAD promotes the training of specialists from development and newly industrialised countries. Well-trained local experts, who are networked with international partners, play an important part in the sustainable development of their countries. They are the best guarantee for a better future with less poverty, more education and health for all. The scholarships offer foreign graduates from development and newly industrialised countries from all disciplines and with at least two years' professional experience the chance to take a postgraduate or Master's degree at a state or state-recognised German university, and in exceptional cases to take a doctoral degree, and to obtain a university qualification (Master's/PhD) in Germany.

### Who can apply?

Graduates with at least two years' professional experience

### What can be funded?

Individual scholarships exclusively for Postgraduate courses in Germany that are listed on the "[List of all Postgraduate courses with application deadlines](#)"
