

DAAD-K.C.Wong Postdoc Fellowships • DAAD

Overview

Objective

This scholarship programme allows scientists to carry out research with German colleagues at universities, universities of applied sciences and non-university research institutes in Germany.

Who can apply?

Highly qualified Chinese scientists and researchers in the fields of natural sciences, mathematics, engineering, agriculture and medicine.

What can be funded?

Research visits for postdoc Chinese scientists and researchers.

Duration of the funding

3-12 months

Value

- Monthly scholarship rate of 2.100 EUR
- Combined health-, accident and liability insurance

A compulsory nursing care insurance of approx. 30 euros (depending on age) will be deducted from the monthly scholarship payment.

Selection

Applications are reviewed and selected by a DAAD selection committee. The approval of the K.C. Wong Education Foundation is then required.

Further information

The DAAD will not consider incomplete applications.

Application requirements

What requirements must be met?

Applicants must be citizens of the People's Republic of China based in Mainland China and hold a teaching or research position at the time of their application; they are required to have obtained a PhD or an appropriate academic qualification. Applicants must hold one of the following titles: Professor, Associate Professor, Research Fellow, Associate Research Fellow or Senior Engineer.

Language skills

Language requirements depend on the conditions of the individual project; usually a good knowledge of either German or English both written and spoken is required, and a basic knowledge of the other language.

Application Procedure

Application deadline

17th April for visits beginning between October and March of the following year

13th November for visits beginning between April and September of the following year

Application documents

Documents to be uploaded to the DAAD portal:

- Online application form
- Full curriculum vitae in tabular form
- List of publications
- Extensive and detailed description of the research proposal
- Schedule of planned research work
- Letter confirming supervision by an academic advisor in Germany, which refers to the applicant's proposal and confirms that the host institute will provide a workplace.
- Doctorate certificate
- Proof of language skills (if available); in the field of medicine, a proof of German language skills is preferred

The application procedure occurs online through the DAAD Portal.

Please note that the access to the application portal only appears while the current application period is running. After the application deadline has expired, the portal for this programme is not available until the next application period.

The access to the DAAD portal generally opens about 6 weeks before the application deadline at the latest.

Application location

Applications are to be handed in online via the DAAD application portal.
