

Research Grants – One-Year Grants for Doctoral Candidates • DAAD

Overview

Objective

This programme offers you the opportunity to carry out research primarily as part of doctoral projects in Germany. The scholarships are funded by the German Federal Foreign Office.

Who can apply?

You can apply if you have above-average qualifications and

- are already taking a doctoral degree
or
- are not yet taking a doctoral degree and you have already completed a Master's degree or Diplom, or in exceptional cases a Bachelor's degree, at the latest by the time the funding period begins.

Postdocs may **not** apply.

What can be funded?

The programme provides funding for a research project or continuing academic training at a state or state-recognised institution of higher education in Germany or a non-university research institute, which is being carried out in agreement with a supervisor in Germany.

Duration of the funding

- Funding is provided for between 7 and a maximum of 12 months. Please indicate in your application how long you wish to receive funding. The funding period will then be determined during the selection process by a selection committee. The committee takes into account your study plan.
- The grant is non-renewable.

- Depending on academic level, monthly payments of 1,300 euros for doctoral candidates, 934 euros, if you are not taking a doctoral degree
- Payments towards health, accident and personal liability insurance cover (see also our [important information for scholarship applicants](https://www.daad.de/en/study-and-research-in-germany/scholarships/important-information-for-scholarship-applicants/) [https://www.daad.de/en/study-and-research-in-germany/scholarships/important-information-for-scholarship-applicants/] / section F, point 4)

- Payment of course fees for an online language course after receipt of the Scholarship Award Letter
- if necessary: Language course (2, 4 or 6 months) before the start of the research stay in Germany; the DAAD decides whether to fund the grant holder's participation and for how long depending on language skills and project. If a language course scholarship is granted and the working language at the host institute is German, participation is compulsory.
- Allowance for a personally chosen German language course during the funding period
- Reimbursement of the fee for a TestDaF or DSH test, which you can take either in your home country after you have received your Scholarship Award Letter or in Germany during your funding period.
