Overview

Objective

This programme offers you the opportunity to network amongst colleagues and exchange experience in the framework of short-term research stays in Germany. The scholarships are funded by the German Federal Foreign Office.

Who can apply?

University teachers and established academics and scientists who have usually completed a doctoral degree and work at a university or research institute in their home country can apply.

Note:
Former holders of fellowships from the Alexander von Humboldt Foundation are requested to contact first the Humboldt Foundation.

What can be funded?

The programme provides funding for research stays at state or state-recognised institutions of higher education or non-university research institutes in Germany. A research stay can also take place at several host institutions.
Funding may only be claimed **once within three years**.
Lecture tours or visits to congresses are not funded.

- The grant is non-renewable.

- Please note in your time planning that the funded stays should be completed **by January 2025 at the latest**.

Selection

An independent selection committee reviews applications.

The most important selection criteria are:

- academic achievements and recent publications which must be documented in the curriculum vitae and a list of publications

- a convincing and well-planned research project

The selection committee also gives due consideration to equal opportunities; you can provide relevant information in the application form.
