

Study Scholarships - Postgraduate Studies in the Fields of Fine Art, Design, Visual Communication and Film • DAAD

Overview

Objective

This scholarship programme offers you the opportunity to continue your education in Germany with a postgraduate or continuing course of study in the fields Fine Art, Design, Visual Communication and Film. The scholarships also promote the exchange of experience and networking amongst colleagues.

Who can apply?

You can apply if you have gained a first university degree in the fields of Fine Art, Design, Visual Communication and Film at the latest by the time they commence their scholarship-supported study programme.

What can be funded?

In this study programme, you can complete

- a Master's degree course/postgraduate degree course leading to a final qualification or
- a complementary course without degree (not an undergraduate course)

at a state or state-recognised German university of your choice.

A Master's degree programme in Germany that has already started at the time of the application deadline cannot be funded.

If you are enrolled in a Master's or postgraduate degree programme which includes a study period abroad, funding for this period abroad is usually only possible under the following conditions:

- The study visit is essential for achievement of the scholarship objective,
- the visit does not take place in the home country,
- and it is no longer than a quarter of the scholarship period. Longer periods cannot be funded, even partially.

Please note: This programme only funds projects in the artistic and creative area. Other DAAD scholarship programmes are available for applicants from the field of History of Art or Art Studies or for artists with a scientific project.

Duration of the funding

Master's degree:

- Between 10 and 24 months depending on the length of the chosen study programme
- Start: usually from 1st October, of the following year or earlier if a German language course is taken prior to the study programme
- The scholarships are awarded for the duration of the standard period of study for the chosen study programme (up to a maximum of 24 months). Please state the entire period for which you wish to apply for funding in your application. For example, if you are planning a 2-year degree programme, you must directly indicate two years as the desired scholarship duration in your application. After the first year of study, your academic achievements will be assessed in a further funding procedure. If this shows that you will successfully complete your programme within a reasonable period of time, the scholarship will continue as planned.

Complementary studies not leading to a final qualification:

- one academic year
- Start: usually from 1st October of the following year, or earlier if a German language course is taken prior to the study programme

- Allowance for a personally chosen German language course during the scholarship period
- Reimbursement of the fee for a TestDaF or DSH test, which you can take either in your home country after you have received your Scholarship Award Letter or in Germany during your funding period.

Selection

After you have uploaded your application documents to the DAAD portal, the DAAD will first carry out a formal check. It will be checked whether the application requirements have been met and whether the application is complete. If this is the case, you will be asked to submit your work samples.

A special DAAD committee made up of professors from German art, design and film schools makes the final decision about scholarships in the fields of Fine Art, Film, Design, Visual Communication and Film. The decision is based upon written applications and work samples which have to be submitted (see: [www.daad.de/extrainfo \[https://www.daad.de/en/study-and-research-in-germany/scholarships/scholarship-database/subject-specific-information/\]](https://www.daad.de/en/study-and-research-in-germany/scholarships/scholarship-database/subject-specific-information/)).

Selection criteria

- the artistic qualification and artistic maturity, measured by study achievements and work samples
- the quality of the project as measured by the study plan and the letter of motivation

In addition, the selection committee will give due consideration to aspects of equal opportunities, on which you can provide information in the application form.

For further information on the selection procedure, please refer to the [Important Scholarship Information \[https://www.daad.de/en/study-and-research-in-germany/scholarships/important-information-for-scholarship-applicants/\]](https://www.daad.de/en/study-and-research-in-germany/scholarships/important-information-for-scholarship-applicants/) / Section E.

Further information

Confirmation of a scholarship does not automatically guarantee admission to one of the universities. The respective university decides whether or not to offer scholarship holders a place. In most cases, applicants are required to take an entrance examination. Please find out in time about admission requirements and application deadlines and interview dates at your chosen university, and bear in mind that these may be several months before the planned start of your studies or even before the DAAD awards the scholarship. We cannot cover the costs of the entrance examination. If an applicant is offered a scholarship by the DAAD but fails to be admitted to any of the universities indicated in the application, he/she may not make use of the scholarship that has already been awarded.

Application requirements

What requirements must be met?

Please check if the following criteria are fulfilled:

- As a rule, your university degree should not date back more than 6 years at the time of the application deadline. Please read our [important information for scholarship applicants / Section A, point 2 \[https://www.daad.de/en/study-and-research-in-germany/scholarships/important-information-for-scholarship-applicants/\]](https://www.daad.de/en/study-and-research-in-germany/scholarships/important-information-for-scholarship-applicants/).
- Prerequisite for the funding is a full-time and attendance study. Extra-occupational or part-time study programmes and study programmes with a predominant share of e-learning can not be taken into account.
- Your application **cannot** be considered, if you have been resident in Germany for longer than 15 months at the application deadline.

Language skills

Applicants in the fields of Fine Art, Film, Design, Visual Communication and Film should have a knowledge of the language of instruction which corresponds to the requirements of the chosen university at the latest by the time they start their scholarship. If you do not yet have the language skills required by the university at the time of your application, your application should indicate the extent to which you are in a position to reach the required level. After you have been awarded a scholarship, take advantage of the funding opportunities described under "Value".
