Joint degree / double degree programme	No

## Description/content

As a student in our Bachelor of Science in Business Administration degree programme at [Kühne Logistics University \(KLU\)](#), you will choose one of four profiles: International Management, **Sustainable Management**, Supply Chain Management or Digital Management & Innovation. Each with its own unique focus and career path, these profiles provide you with a customised learning experience and allow you to focus on your chosen area, helping prepare you for your future career goals. In addition to classroom work, you will also study abroad for one semester and participate in at least one internship to round off your learning experience.

### Sustainable Management

Help plan sustainable development on a global scale. Consumption of materials and resources, reduction of greenhouse gas emissions, human rights and health and safety regulations are, along with sustainability, fairness and solidarity, the key quality criteria of today's economic activity. Customers and other stakeholders demand companies to behave and do business in a socially responsible way. An increasing number of brands and companies have begun campaigning for a better world, turning sustainability into a selling point. Sustainable management is now in demand more than ever before. In short, today's companies not only want to be great, but they also need to be ethical.

Most students choose the standard track with 180 ECTS, but we also offer an intensive track with 210 ECTS. The intensive track can also be completed within six semesters. In the intensive track, you will have more in-depth exposure to the coursework and complete a second internship. With the extra credits, you will have even more options when choosing a Master's degree – including shorter programmes that will allow you to start your career earlier.

The BSc programme is rounded off by valuable experience outside the classroom: a mandatory three-month internship, an integrated semester abroad, and other extracurricular activities.

## Course Details

### International elements

- Integrated study abroad unit(s)
- Language training provided
- Training in intercultural skills

### Integrated study abroad unit(s)

#### Your semester abroad

Explore the world with KLU! You will spend your fourth semester at one of our partner universities in Europe, Asia, Africa, or the Americas. We have established a network based on exchange agreements with more than 50 partner institutions around the world. Enrolled as a full-time student at the host university, you will acquire first-hand insight into new cultures and countries and have a unique personal experience.

Whether you want to practice your Spanish, go surfing on weekends, immerse yourself in a new culture, or learn from an institution's specialisation, the outcome of the study abroad is yours to decide. With our extensive network of partner universities, you can customise your international experience.

Our International Office will support you in planning and organising your semester abroad. They are in a close contact network with all our partner universities and provide support for everybody who is seeking further information.

### Integrated internships

The programme includes a mandatory three-month internship. It provides students with hands-on experience at putting into practice the concepts and methods they have learned and enables them to gain an initial insight into relevant business topics. Students in the intensive track have to complete two mandatory internships.

### Course-specific, integrated

Yes

## German language courses

Course-specific, integrated English language courses	Yes

**Laura Guaglini**  
Student BSc Management,  
Class of 2022

My experience with KLU started with the preparation programme and continued as a Bachelor's student, and so far it has been amazing. KLU has provided me with so many skills, opportunities, and insights. KLU has added value to both my personal life and professional career thanks to their outstanding environment. For me, KLU isn't a traditional university. It's a place to develop and grow while receiving the best quality education, and it allows you to become part of a close-knit community.

### 73 questions with a KLU student

This video features 73 questions with KLU student Minsang from South Korea, BSc Business Administration, class of 2022.

# Kühne Logistics University

---

Our big auditorium ("The Golden Egg")

Kühne Logistics University – Wissenschaftliche Hochschule für Logistik und Unternehmensführung (KLU) – is a private, state-accredited university located on Hamburg's harbour. Sponsored by the non-profit Kühne Stiftung (Kühne Foundation), KLU offers a broad spectrum of courses and research in logistics and supply chain and business management.

Our [BSc, MSc, and PhD degree programmes](#) feature an international student body, an outstanding faculty, an intimate learning environment, and extensive corporate ties. Our [part-time MBA programme, open enrolment, and customised executive education programmes](#) provide excellent opportunities for professionals to expand their expertise.

KLU is unique for its [international faculty](#), known for research excellence in logistics, transportation, supply chain management, and related aspects of business.

The private university in Hamburg is one of the top universities with various prestigious awards:

- Kühne Logistics University won the Global Student Satisfaction Award 2021 in the category "Overall Satisfaction".
- In the Wirtschaftswoche ranking 2021, Kühne Logistics University was among the strongest research universities for Business Administration in the DACH region.
- The CHE University Ranking 2020 rated Kühne Logistics University among the best German universities.
- and many more...

## University location

Hamburg is a popular city among German students. Its cultural spectrum rivals that of Berlin. Students can experience the diverse nightlife offered at the Reeperbahn, enjoy great music at the Elbjazz and Dockville festivals, relax in the cafés and trendy bars in the St Georg and Schanze districts, and watch the Hamburg sunset at the city's popular harbour beach clubs.

With over four million inhabitants, the Hamburg metropolitan area is among the biggest winners to profit from the opening up of Eastern Europe and worldwide globalisation. This metropolis on the water is the most easterly of the northern seaports, making it the ideal port for Eastern Europe. As a global hub serving overseas countries, Central and Eastern Europe, and the Baltic area, Hamburg benefits from its central position at the confluence of the global trade handled by European logistics.

Hamburg is also considered to be one of the most beautiful cities in the world. Its extensive stretches of water and green parks and the historic residential areas are renowned. There are many attractive possibilities for leisure activities. These special qualities, together with the maritime atmosphere and its proximity to the North Sea and the Baltic Sea, make Hamburg a jewel among international cities.

The historic core of Hamburg's port is the "Speicherstadt," the former warehouse area, where the world's most beautiful warehouse complex was built at the end of the 19th century. Against this background, the new HafenCity is being constructed on the former harbour area, and it is right here – in the centre of Hamburg and right on the waterfront – where Kühne Logistics University is located. Students find everything they need in order to study and feel comfortable. This includes superbly equipped interactive teaching and study rooms, state-of-the-art facilities, broadband wireless access, a well-stocked library, and access to relevant online databases for research.
