**Lecturer:**

**Dr. Wilma Simoleit**

**Förderungsberatung Dr. rer. nat. Wilma Simoleit, Bonn**

Dr. Wilma Simoleit is career coach and consultant for national and european funding in science. In her professional experience she combines different views in the extramural funding system. She holds a Ph.D. in Microbiology and has several years of experience as researcher and in the acquisition of extramural funds in Germany and the USA. Thereafter Dr. Simoleit changed from science to research management and funding. She gained longtime experience in funding national and international research at the Deutsche Krebshilfe and the Deutsche Forschungsgemeinschaft with national and international review panels. As consultant she supports universities, research institutions, executives and young investigators. She gives lectures and seminars at universities and research institutions. In 2009 and 2010 she initiated and hosted 2 conferences on extramural funding and research management.
