

Leibniz – DAAD Research Fellowship Programme

The Leibniz – DAAD Research Fellowship programme was jointly carried out by the Leibniz Association (Leibniz-Gemeinschaft e.V.) and the German Academic Exchange Service (DAAD). Leibniz-DAAD fellowships offered highly-qualified, international post-doctoral researchers, who have recently completed their doctoral studies, the opportunity to conduct research at a Leibniz Institute of their choice in Germany.

Please note: The Leibniz-DAAD Research Fellowship Programme has been suspended. There will be no new call for applications in the foreseeable future.
