

Strategic Partnership with Brazil: AWARE (Applied NetWork on Automotive Research and Education)

AWARE

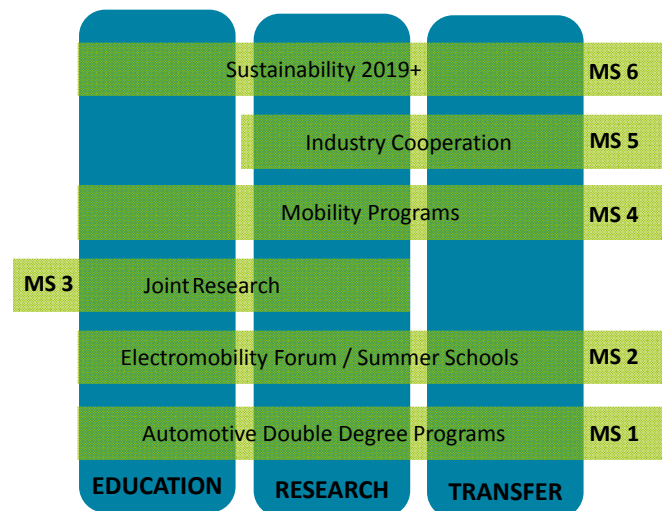

THI (Ingolstadt) – UFPR (Curitiba) – UFSC (Santa Catarina)

AWARE-Network

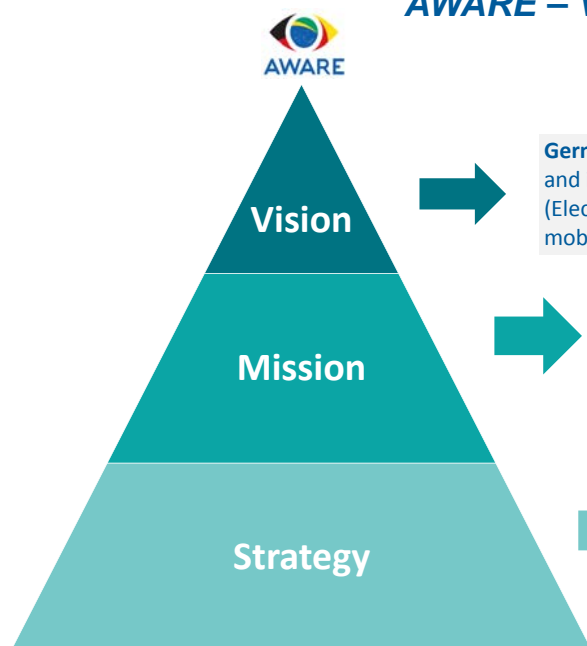

Institutes of Higher Education, Research Institutes, industry partners and public foundations

AWARE Milestones

AWARE – Vision, Mission & Strategy

German-Brazilian network on applied engineering and innovative mobility technologies
(Electromobility, autonomous driving, vehicle safety, future mobility concepts) of universities and companies

- Transfer and exchange of **innovative technologies, knowhow and practice in education and research**
- Transfer of technical knowhow into society (**Third Mission**)

- **Automotive Double Degree Programs (Master)**
- Applied German-Brazilian **research projects**
- Close **cooperation** between **universities and industry** (applied research and application-oriented education)
- Early involvement of **junior researchers**
- **Joint events** such as **Conferences, Forums & Workshops, Summer Schools, Trainings & Courses** in order to foster **interdisciplinary exchange** between **sciences, industry and society**
